SPECIAL eBULLETIN

FOR PROFESSIONAL AND FACILITY PROVIDERS **May 6, 2021**

CHANGES COMING TO HIGHMARK'S PROVIDER RESOURCE CENTER HOMEPAGES

Highmark is making small changes to its Provider Resource Center homepages to make it easier for health care professionals, facilities, and staff to find the latest news and updates.

Special Bulletins will appear front-and-center on the homepage, enabling easy access to some of the most recent changes and communications. Our latest *Provider News* and *Medical Policy Update* publications will also be featured on the homepage. Hot Topic articles are now discontinued, and the information will now be included as Special Bulletins. However, you may still find past Hot Topics under Newsletters/Notices in the left menu.

The new design will launch on Monday, May 10, 2021.

NEW HOMEPAGE DESIGN
