

TODAY'S MESSAGE

2016 West Virginia Family Health Primary Care Incentive Program

Teleconference Sessions

Primary Care Physicians with attributed West Virginia Family Health (WV FH) Medicaid patients are eligible to participate in the WV FH Primary Care Incentive Program. The Program will encourage and assess improvement of the process of care for WV FH Medicaid patients using West Virginia Bureau of Medical Services quality care measures as the basis of clinical quality performance measurement. All Participants are eligible to receive Care Gap Closure Payments and may qualify for an additional Quality Bonus Payment at the end of the year. During the month of April physicians and their staff have the opportunity to participate in educational sessions to learn more about the 2016 WV FH Primary Care Incentive Program. Each session will last an hour and participants can select between several sessions to accommodate their schedules. Please click on the corresponding link with the time to register.

Program	Date	Time
2016 WV FH PC Incentive Program Overview	April 19, 2016	Noon
2016 WV FH PC Incentive Program Overview	April 21, 2016	4PM
