|----------------------------------|---|
| Value-Based Benefits | <p>Value-Based Benefits is coverage that promotes patient compliance in the management of chronic conditions. And, based on their unique employee populations, employer groups have some choices within the program. They can opt to cover all or some of the chronic/targeted conditions.</p> <p>Employer groups can also choose to either waive or lower their employees' cost-sharing (copays, coinsurance, etc.). These options apply to specific evidence-based, high-value medical services and prescriptions related to the selected condition(s).</p> |
| Virtual Behavioral Health | <p>Virtual behavioral health is the remote delivery of outpatient mental health services through the use of secure real-time interactive audio and video telecommunications technology. A patient can participate in a virtual visit with a behavioral health specialist from the privacy of their own home, office, or other private setting.</p> |
