

**Pennsylvania Insurance Department  
Physician Certification for Expedited Review**

This form is to be completed by the treating physician only when the covered person has a condition where the timeframe to complete an expedited internal review (72 hours), a final adverse benefit determination (15-30 days) or a standard independent external review (20-45 days) would seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function.

Certification	
<p>I hereby certify that in my medical judgment, the above named patient who has received an adverse determination for the medical services that I have recommended as medically necessary, requires such review to be provided on an expedited basis because a delay would seriously jeopardize the life or health of the patient or would jeopardize the patient's ability to regain maximum function or, in the case of an adverse benefit determination on the basis that the services are experimental/investigational, the recommended health care service or treatment would be significantly less effective if not promptly initiated.</p>
