## INTRODUCING A NEW UNIT IN THE HIGHMARK PROVIDER MANUAL!

### Chapter 4.7: Medical Records Documentation Requirements

Highmark strives to improve the resources we make available to you. The *Highmark Provider Manual*, your primary reference source, is meant to simplify your experience by providing one all-inclusive provider manual for all provider types in all of our services areas. And we continually review and update the manual to better meet your needs.

The *Highmark Provider Manual* contains Highmark documentation guidelines for medical records in various units on specific topics. The new **Chapter 4, Unit 7, Medical Records Documentation Requirements**, now provides a comprehensive medical records documentation requirements unit that will help you locate this information more quickly. Click on the image below to take a look at the new unit.
