NEW! HPV INFORMATION CARD NOW AVAILABLE

You can now order a Human Papillomavirus (HPV) Information Card to give to your patients during office visits. This card explains to your patients why a HPV vaccination is important, how it reduces the disease, what ages the vaccination is recommended for, and how it could prevent cancer.

To order the card, go to:

- The **Provider Resource Center**
- Select **Education/Manuals**
- Click **Educational Resources – Member and Provider**
- Find **HPV Information Card**
