PANTHER_x SPECIALTY PHARMACY PREFERRED FOR CRYSVITA

Highmark is pleased to announce that PANTHER_x[®] is the preferred pharmacy for CrysVita[™] (burosumab-twza).

CrysVita (burosumab-twza) is the first FDA-approved therapy to treat adults and children ages one year and older with x-linked hypophosphatemia (XLH). XLH causes low levels of phosphorus in the blood. It leads to impaired bone growth and development in children and adolescents and problems with bone mineralization throughout a patient's life. XLH is a serious disease affecting approximately 3,000 children and 12,000 adults in the United States. Most children with XLH experience bowed or bent legs, short stature, bone pain and severe dental pain. Some adults with XLH experience persistent discomfort or complications, such as joint pain, impaired mobility, tooth abscesses and hearing loss.

PANTHER_x Specialty Pharmacy, based in Pittsburgh, is a back-to-back Zitter Health Insights Patient Choice Award winner for 2016 & 2017 and accredited by URAC (Utilization Review Accreditation Committee), ACHC (Accreditation Commission for Health Care) and CPPA (Center for Pharmacy Practice Accreditation).

Services you can expect from PANTHER_x:

- Clinical support availability 24 hours per day, 7 days per week.
- Guaranteed "in stock" product availability.
- Overnight delivery
- Complimentary ancillary supplies included (i. e. Sharps container, alcohol swabs and band aids).
- In-home nursing coordination (as needed)
- Therapy adherence support that includes patient education, monthly compliance support, including non-compliance interventions.

For more information about PANTHER_x services for patients with XLH, please call 833-599-2245 or email XLHRareCare@pantherspecialty.com
