

TODAY'S MESSAGE

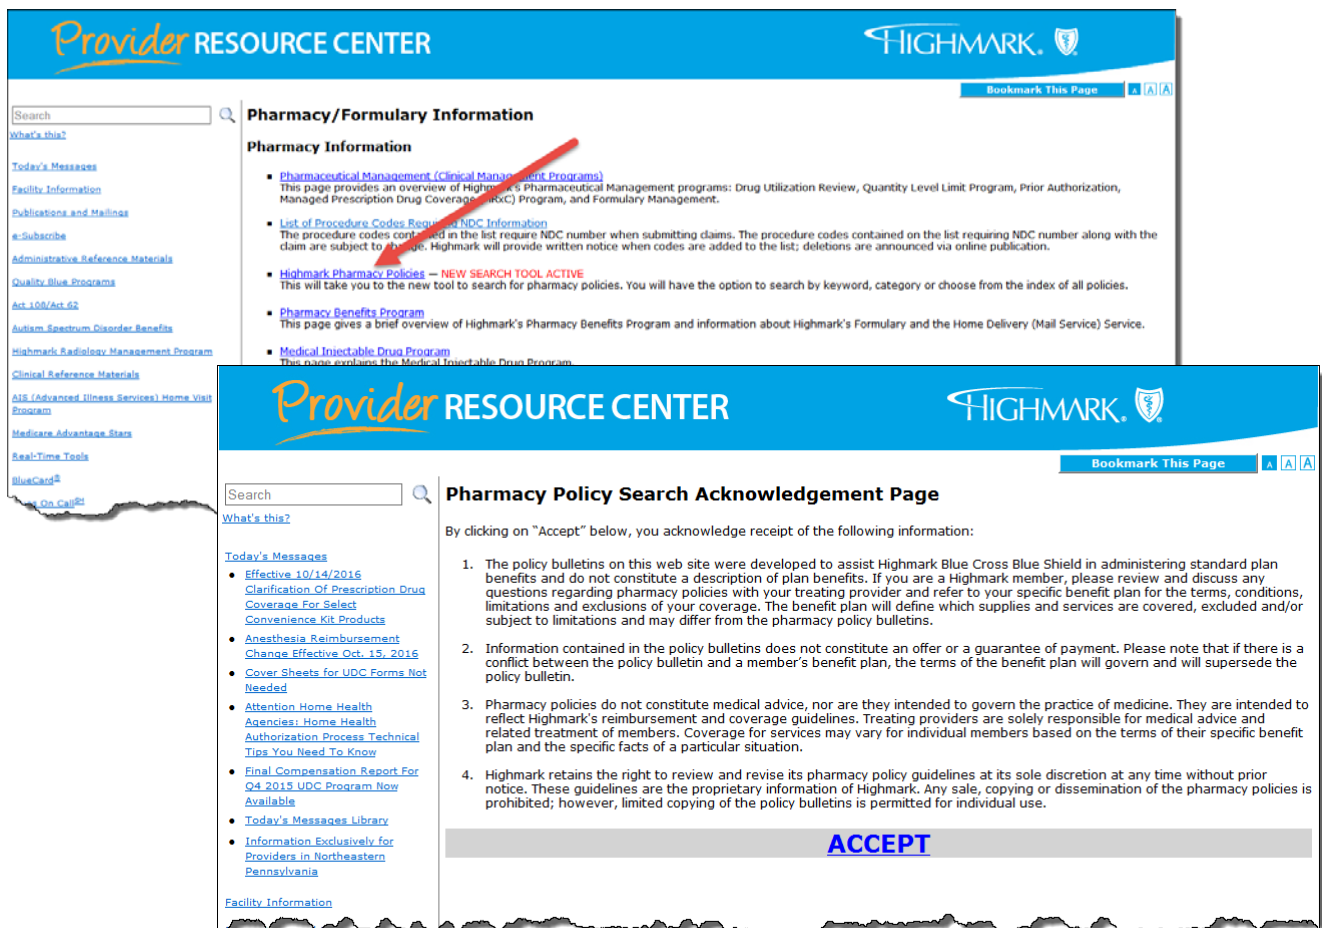

MONDAY, SEPT. 12, 2016: NEW PHARMACY POLICY SEARCH TOOL AVAILABLE

EASY TO USE PHARMACY POLICY SEARCH TOOL PROVIDED FOR YOUR CONVENIENCE

On Monday, Sept. 12, 2016, a new pharmacy policy search tool will be available to assist you. The search tool can be accessed via the Provider Resource Center under the **Pharmacy/Formulary Information** option on the left menu. Select **Pharmacy/Formulary Information** again, and then select the third bullet down, **Highmark Pharmacy Policies**. You will need to "Accept" an acknowledgement, which will then take you to the new search tool. The Pharmacy Policy Search tool is **very** similar to the current Medical Policy Search tool you are familiar with, making this transition easy!

How the Pharmacy Search Tool Works

This new search capability will allow you to search by keyword or category, or choose from the index of all policies. The following screen captures outline Pharmacy Policy Search functionality and options.

Once you click **ACCEPT**, you will be taken to the search tool. Once there, you will be able to search for pharmacy policies by keyword or category, or choose from the index of all policies. If you have any questions regarding how the search tool works, simply click on the **Search Tips** link for a helpful pop-up window. When completed with the search tool, simply use the **Resource Center Home** link on the bottom of the page to return to the Provider Resource Center.

HIGHMARK Pharmacy Policy

Search for Pharmacy Policy by one or a combination of the options listed below:

Option 1: Type the Keyword(s) to search for:
(e.g., Provigil, Strattera)
