## CONDITION CODE VERIFICATION TO AVOID CLAIM DENIALS

Effective April 8, 2022, Highmark will implement a change to its validation of condition codes to further align with standard coding procedures. Providers must verify that the condition codes submitted with a claim are valid for **the date the claim is filed** instead of the date of service. If the condition code is not valid for the date the claim is filed, the claim will be denied.

If you have any questions regarding this change or a claim, please contact the [Highmark Provider Service Center](#).
