## Medicaid Redetermination: Resources to Help Patients Who May Lose Coverage

Millions of Americans are expected to lose their Medicaid-related health coverage due to the continuous enrollment requirement for Medicaid, which ended on **March 31, 2023**. This will be a disruptive, stressful time for our members and your patients affected by this change.

#### Background

In response to the COVID-19 pandemic, the federal government declared a Public Health Emergency (PHE) on **January 31, 2020**. Income eligibility requirements for Medicaid were waived to help millions of Americans who lost their employer-sponsored health insurance.

In December 2022, Congress passed its year-end omnibus spending bill, which **delinked** the Medicaid continuous coverage requirement from the PHE, establishing the date of **April 1, 2023**, for resuming Medicaid redetermination. As states begin reviewing eligibility requirements for Medicaid, many current recipients will be disenrolled.
