

Accredo Retail Exclusivity Program

Drug List at Launch (Effective 1/1/2023)

Get Specialty Medications with Accredo

Your health plan includes a Retail Exclusivity Program Drug List (REP). The REP is designed for access to specialty pharmacy treatments for relatively rare, chronic, and potentially life-threatening conditions. Specialty drugs on the REP list must be obtained at Accredo Specialty Pharmacy effective 1/1/2023.

Members will be able to take advantage of a superior level of specialty pharmacy service with Accredo, including a dedicated Care Team led by pharmacists and nurses who specialize in the member's healthcare condition, who can help members manage side effects, and find financial assistance.

This list is subject to change and is not an inclusive list. The presence of a drug on this list does not guarantee coverage. To confirm coverage, please call the Member Service number on the back of your member ID card.
