

# PROMISe™ ID ENROLLMENT FOR CHIP

---

Highmark makes health care programs available to uninsured children in Pennsylvania through the subsidized Children's Health Insurance Program (CHIP). CHIP coverage offers programs for all uninsured children, with free, low-cost, and full-cost options depending on the family's income. This program is administered by Highmark on behalf of the Commonwealth of Pennsylvania Department of Human Services (DHS).

Providers who render, order, refer, or prescribe items or services to CHIP enrollees must enroll with the DHS. Providers are required to complete a Provider Reimbursement and Operations Management Information System (PROMISe™) enrollment application for their provider type and for each service location where they see CHIP enrollees. Once enrolled, the provider is issued a PROMISe ID, which is required to provide services to CHIP enrollees and receive reimbursement.

PROMISe ID enrollment information and applications, both electronic and printable PDF versions, are available on the DHS website at:

## UPDATE HIGHMARK'S FILES WITH YOUR PROMISe ID

Once you obtain your PROMISe ID, please be sure to notify Highmark as soon as possible to avoid claim denials for services provided to CHIP enrollees. We make it easy with the electronic [PROMISe ID Update Request](#) form -- complete and submit the form and your PROMISe ID will be added to your provider file. The form is also available on the Provider Resource Center.
