CHIP Coverage Now Includes Over-The-Counter Allergy Medications

Starting in 2024, Highmark Healthy Kids (CHIP)* members can get over-the-counter (OTC), non-drowsy antihistamines for free at the pharmacy with a valid prescription. There is no copay required, and members can present the prescription at any CHIP network pharmacy (i.e., any National Pharmacy Network provider).

More than 60 OTC antihistamine products are now covered, including generic Allegra, generic Children's Zyrtec, and Children's Claritin. Please note that to fill applicable products through the prescription drug program with no cost-sharing, members will need to obtain a **valid prescription** from their CHIP network provider.

You can access the member flyer with the current allergy drug list by clicking [here](#). This drug list is subject to change at any time.

**CHIP is an acronym for the Children's Health Insurance Program. In 2022, Highmark rebranded its CHIP offering as Highmark Healthy Kids.*

The following entities serve western and northeastern Pennsylvania and are independent licensees of the Blue Cross Blue Shield Association: Highmark Inc. d/b/a Highmark Blue Cross Blue Shield, Highmark Choice Company, Highmark Health Insurance Company, Highmark Coverage Advantage Inc., Highmark Benefits Group Inc., First Priority Health, First Priority Life or Highmark Senior Health Company.

All references to "Highmark" in this document are references to the Highmark company that is providing the member's health benefits or health benefit administration and/or to one or more of its affiliated Blue companies.
