
Your guide to healing.

Good news. You're on the
road to recovery.

Because Life.™

Let's help you get your life back to normal.

That's why we put together
everything you need for a
successful recovery — minus
the comfy couch and TV remote.

I went into the hospital for:

and had the following tests/procedures done:

Away from the hospital

Once you leave, be sure to keep up with your care plan so you have a quick and easy recovery.

Are you taking care of yourself?

- Take your medications correctly.
- If you had surgery, keep an eye on your wound.
- Go to any follow-up appointments.
- Call your doctor if you have any questions.
- Make recommended lifestyle changes or complete physical therapy.

If you start experiencing any of the following symptoms, don't hesitate.

Call your doctor immediately.

- Shortness of breath
- Weight gain
- Sudden chest pain
- Confusion
- Fever or chills
- New or unusual pain, redness, or swelling

Want your follow-up at your fingertips?

Before you're discharged, find out if your hospital has an app or online records tool for patients.

A medical records app or online tool can give you your discharge instructions and information right on your phone or laptop. It's easy, and you don't have to worry about losing any paperwork.

Hey, shouldn't you be getting ready to go?

If you're all set, here's a DIY haiku for you to have some fun with.

A hospital haiku

_____ by my bed.
[object in room, 2 syllables]

_____ and _____
[animal, 1 syllable] [type of weather, 1 syllable]

outside my room.

I feel _____ today.
[adjective, 1 syllable]

**Now, get some rest
and get better.**
