For 2019, we are offering a new plan: my Direct Blue Silver 0 plan with a \$0 deductible.

### Also note, some benefit provision changes:

- Certain plans will offer each member two “free” PCP visits, two “free” mental health visits, and two “free” substance abuse visits with no deductible, copay or coinsurance.
- Physical and Occupational Therapies limits are combined and provide for 30 rehabilitative visits and 30 habilitative visits.
- Lastly, Speech therapy will have 30 visits each rehab and habilitative.

## Central PA Product Offerings

BlueCard is back in 2019 on all my Direct Blue plans. While EPO plans offer no out-of-network coverage, the national network through BlueCard will be in-network.

For 2019, my Direct Blue plans will remain our primary offering in Central PA.

## PCP Auto Assignment

- To fulfill a contractual mandate that all Individual Market HMO Members select a PCP, we will assign a PCP to the member, if none is selected at enrollment.
  - PCPs that are assigned will be within a geographical area close to the member, a provider's participation in True Performance, capitation, and distance from the member (in that order).
  - Members may change PCPs at any time via Member Services or the Member Portal.
  - We are working to ensure appropriate reporting to the auto-assigned PCPs, to support their outreach to ACA members.

## 2019 Central PA ACA ID card

Members and providers will notice changes to the ACA ID card for 2019. The enhancements for 2019 are mostly with the member cost sharing section on the front of the card explaining what a member is responsible for paying and include:

- Individual and Family deductible dollar amounts.
- If the service does not have a copay, coinsurance amounts will be displayed on the card.
- For health savings plans, all specific cost sharing is removed and replaced with "Deductible/Cost Sharing may apply."
- Addition of the in-network deductible to the ID cards in the cost sharing section.
