
Portion control tips

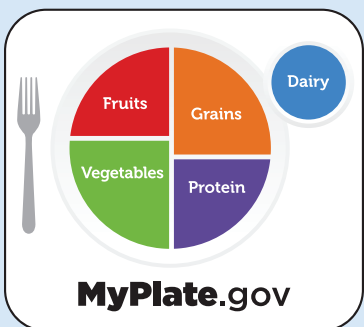

Use these easy tricks to stay on track with serving sizes.

At mealtime

- Fill half your plate with colorful fruits and veggies.
- Try eating slowly so it's easier to tell when you're full.
- Use a smaller plate so your servings look larger.

At snacktime

- Plan your snacktime to avoid mindless grazing.
- Choose high-protein or high-fiber foods like nuts, hummus, fresh fruit, or popcorn.
- Pre-portion your servings instead of eating straight from the package.
