

# e-SUBSCRIBE

Eliminates the Need for Paper Communications

## ENROLL TODAY

e-Subscribe eliminates the need for paper communications, and instead gives you the option to receive our newsletter, as well as Special Bulletins, and Office Manual and Provider Resource Center updates via email.

You can enroll by visiting the Provider Resource Center and selecting the e-Subscribe link from the left-hand menu. You will have the option to receive email notifications for one or all of the following:

- Provider Newsletters
- Special Bulletins (Professional providers)
- Provider Resource Center updates
- Highmark Blue Shield Office Manual updates (Professional providers)
- BulletinAlerts (Facility providers)

Simply complete the information required on the online form, check the applicable box(es) for the subscription(s) you prefer and then click "Subscribe". When successful, a confirmation screen will appear with more information.

If you have any questions about e-Subscribe, or need help enrolling, please contact your Provider Relations Specialist.
