

## TODAY'S MESSAGE

# ATTEND AN UPCOMING WEBINAR ON THE NEW QUALITY BLUE PHYSICIAN P4V PROGRAM

As you know, the new Quality Blue Physician Pay-for-Value (P4V) program will become effective on May 1, 2015. To help you prepare for this new program, we've scheduled several webinars. Primary care physicians, clinical staff and practice managers are strongly encouraged to attend one of these sessions. **Dates, times and information on joining the webinars are listed in the table below.\***

These one-hour webinars are designed to help practices make a smooth transition to the Quality Blue Physician P4V program. There is a webinar for those practices currently participating in the Delaware Pay-for-Performance program and several webinars for those practices not currently in a physician incentive program.

The content for the webinars includes:

- program overview
- update on communications
- review of clinical quality performance measures
- explanation of sample efficiency reports on emergency department utilization and generic drug reporting

Participants will have the opportunity to ask questions at the end of the webinar. Afterwards, questions and answers will be posted on the NaviNet® Provider Resource Center, under *Quality Blue Physician Program*.
