ONE DRUG ADDED AS VOLUNTARY TO HIGHMARK DELAWARE'S MEDICAL INJECTABLE DRUG PROGRAM

EFFECTIVE APRIL 1, 2019

Effective April 1, 2019, Highmark Delaware is adding five drugs to the Medical Injectable Drug Program as **voluntary**. The Highmark Delaware Medical Injectable Drug Program requires some of our network providers to order certain injectable drugs from AllianceRx Walgreens Prime (previously, Walgreens Specialty Pharmacy®) — Highmark Delaware's exclusive specialty pharmacy provider.

As announced previously on the Plan Central page of NaviNet®, **the program will be voluntary for certain drugs that are or will be included in the program, based on a variety of factors.** Highmark Delaware continually evaluates the program and makes changes as appropriate. When drugs are added as voluntary, this means physicians may choose to purchase and bill Highmark Delaware directly for those drugs and will receive reimbursement as outlined in the program.

For your convenience, the pricing information for the drug specified in this bulletin is outlined in the chart below.

Procedure Code*	Drug Name	Reimbursement*
J7170	Hemlibra	\$45.83

* **Note:** When drugs with NOC or temporary codes are assigned a specific HCPCS code, they will remain part of the Highmark Medical Injectable Drug Program.

* **Note:** All reimbursement rates are subject to change based on changes to the average wholesale price (AWP).

Highmark Blue Cross Blue Shield Delaware is an independent licensee of the Blue Cross and Blue Shield Association. NaviNet is a registered trademark of NaviNet, Inc., which is an independent company that provides secure, web-based portal between providers and health insurance companies. Walgreens is a registered trademark of Walgreen Company. Walgreen Company is a separate company that supports the Highmark specialty pharmacy program.

IMPACTED PLANS

As part of the Medical Injectable Drug Program, Highmark Delaware providers **may choose to order** the drugs listed above from Alliance Walgreens Prime for their patients enrolled in a Highmark Delaware PPO, EPO, HMO or POS plan (including State of Delaware). Medicare Supplemental plans and large group indemnity plans are not included in the Highmark Delaware Medical Injectable Drug Program.

To place your order for this drug through Alliance Walgreens Prime, please call, toll-free, 1-888-347-3416. Alliance Walgreens Prime offers your patients disease education and support and express delivery, and has clinical pharmacists available 24 hours a day, seven days a week to answer patient questions.
