ATTN: MEDICARE ADVANTAGE PROVIDERS

CORRECTION: WEST VIRGINIA MEDICARE ADVANTAGE POLICY I-38: RITUXIMAB

On April 1, 2022, West Virginia Medicare Advantage Medical Policy I-38: Rituximab (WV MA I-38) was published without the covered diagnosis code M31.19. This was a mistake and M31.19 should not have been removed from the policy.

M31.19 was added back into WV MA I-38 on **July 18, 2022**. To review WV MA I-38:

- Hover over **Medical Policy Search** on the banner at the top of the **Provider Resource Center**
- Select **Medicare Advantage Medical Policies** from the drop-down menu
- Type **I-38** into the **Search Bar**
