## FEE SCHEDULE UPDATES

As stated in the [NEW HIGHMARK COMMERCIAL STANDARD PROFESSIONAL FEE SCHEDULE & PRICING METHODOLOGY EFFECTIVE JANUARY 1, 2021](#) eBulletin published on October 30, 2020, Highmark is making several changes to our fee schedules. Most of these changes went live on January 1, 2021 as planned, but a few were not showing appropriately in NaviNet.

If you are an Anesthesiology, CRNP Mental Health, Gynecology/Oncology, Hematology, Medical Oncology, Nephrology, Optometry, Psychology, Rheumatology, or Urology provider you may have been underpaid for certain claims submitted since January 1, 2021.

Highmark will be sending corrected payments soon for underpaid claims.

Beginning on **April 1, 2021**, the fee schedules will be updated to reflect the changes mentioned in the eBulletin above.
