
2021 True Performance Lite Program Overview

Value of True Performance Lite

Program Benefits

1. Improve Quality of Care

- **Improve patient care** with minimal interruption to daily operations
- **Access enhanced clinical and quality data** at point of care

2. Provider Experience

- **Introduce digital engagement platform** to support care management decisions
- **Provide a streamlined introduction** to value-based programs
- **Seamlessly track workflow** required for clinical needs

3. Financial Reward and Performance Measurement

- **Expand value-based reimbursement opportunities** to practices with less than 250 attributed lives
- **Provide significant and traceable incentives** for process- and outcome-based activities
- **Measure performance in one model** for Medicare Advantage and Commercial members

Program Structure†
